Course Information	Class No.	18070	Course Code	ISS1199	Credits	3
	Course Name	Korea and Japan in the World				
	Lecture Schedule	Monday-Saturday / 13:00-16:00				
	Course Description	This course examines the political and economic development of Korea and Japan from a comparative political economy perspective. It analyzes how developmental states, political institutions, and state-business relations shaped economic transformation in both countries. The course also explores welfare systems, demographic change, culture and identity, and bilateral relations, culminating in an examination of foreign policy and security.				
	Course Objective	<ol style="list-style-type: none"> 1. Understand the historical evolution of developmental states in Korea and Japan. 2. Analyze how political institutions influence economic performance and policy outcomes. 3. Compare state-business relations and industrial transformation in both countries. 4. Evaluate contemporary social challenges including inequality and demographic crisis. 5. Assess Korea-Japan relations and their role in regional and global politics. 				
	Prerequisite	None (Basic knowledge of political science or economics recommended)
